

FERRO-ALASKA GUIDES AND OUTFITTERS

GEAR LIST

Outfitted 10-day Float Hunt for Moose and / or Caribou

NOTE: This is the complete list of the gear we supply for our outfitted float hunts. Drop camps use the exact same gear list, but without the rafting equipment. In addition to the items that we're supplying for you, you'll need the items listed on our personal gear list, your food (unless we're supplying that) and your own emergency signaling equipment. The minimum equipment you should have for emergency signaling are as follows: Hand-held aviation VHF radio with extra batteries, a GPS unit, aerial flares (6 minimum), signaling mirror, and fire starting materials.
